This quaint Columbine West home is on a culdesac & has a HUGE yard for entertaining. The outdoor space has enough room to store your large toys & still entertain on the trex deck & professional patio. Even plant your own garden in the 2 spacious garden beds. Natural light pours into this home through the large picture windows in the living room & eat in nook near the kitchen. The kitchen boasts professionally painted cabinets & soon will have QUARTZ counters & stainless sink (scheduled install late Feb). It even has a pantry. The beautiful laminate wood flooring throughout is super durable & makes clean up a breeze. Upstairs are all 3 bedrooms. The master bedroom has double closets & a 3/4 bath attached with a large walk in shower. Between the other 2 bedrooms is a full bath in hallway. You'll enjoy the subtle touches like the wrought iron spindles on the stairs & the marble around the gas fireplace with hearth. The basement is finished with newer carpet for your movie or game nights. You are going to want to see this one.
