PROPERTY DETAILS

The Mission Viejo Sycamore Plan is a large 3 bedroom 2.5 bath 3+attached garage home next to the elementary school and park, less than a block away. The middle and high school buses pick up students just a block away. "Cherry Creek Schools." This house was totally remodeled in 2014. Tech cables have been pre-wired throughout the home. The upstairs loft has builtins and could easily be a home office. The kitchen boast of a large built in refrigerator freezer, extensive quartz counters, cabinets and desk and pantry and The covered porch is a great way to spend your evening enjoying your down time. The primary bedroom and bath has a washer and dryer in the closet. The county shows this as a tri-level but it is a 2 story. The garage is massive, 916 square feet. The seller added on to the back of the garage on the side of the house. A car buff or mechanic will like this great feature. A great home for entertaining.
