PROPERTY DETAILS

This amazing property has many options and access is controlled by a security gate and security system with monitoring by CCTV system. Featuring a 4 BR, 3 BA Ranch style home with updated eat-in kitchen including granite counters and new appliances. Two guest bedrooms in the front and a third bedroom that was the original master suite with full bathroom. Primary bedroom suite with full bathroom was added later. There are several entrances and a mud room for easy access. There is a Genrac backup generator in the event of a power outage. The furnace is newer and the septic system is less than 5 years old. The detached oversized 2 car garage has awesome storage shelving. There are numerous storage sheds on the property and a 28' X 28' 'tractor garage'. There is a 30' X 40' heated workshop which has it's own separate gas heater and electric service with multiple 220v electric outlets distributed around the building. There is a 1 ton hoist that can move projects from one side of the workshop to the other. There is a driveway along the east side of the property allowing truck access to the workshop. The rear of the property is open space with prairie grass.
