PROPERTY DETAILS

Enjoy the Rocky Mountain lifestyle while being nestled in the very special town of Indian Hills. This thoughtfully designed new home yields modern living quarters yet has nods to the history of the property. Design elements found throughout include high cathedral ceilings, expansive walls to showcase an art lover's collection, abundant windows, and wide plank solid hardwood floors. The main floor great room, which features a cathedral ceiling that stretches above the original 1923 fireplace, flows seamlessly to the gourmet kitchen with stone and quartz countertops and a color palette to accent the beautiful natural surroundings. The open concept design also features a generous dining area, creating a perfect space for entertaining which extends out to a 870 sf brick patio leading to a wrap-around cedar deck. From the deck, you can access the main floor master suite with a generous walk-in closet and a lavish five-piece ensuite bathroom. This new home also provides flexibility of three other bedrooms, two of which have a separate entrance, but also conveniently accessed from the spacious living room that greets you at the front door of this new home. The property also features a 3-car garage and a 1-car outbuilding ensuring ample space for outdoor equipment and vehicle storage. Conveniently located close to Red Rocks, Golden, Evergreen and the Denver metro area, this property offers easy access to both the city and mountain life.
