## PROPERTY DETAILS

Rumored to be the best lot in Conifer Ridge with its long distance views of Mt. Logan and Mt Rosalie, this grand and unique home is a Colorado dream. Secluded among the pines, next to incredible rock outcroppings to take in the sights, the outdoor space has ample parking and entertainment areas. And better than a sport court, is the basement gym. The ultimate game room with floor to ceiling wood paneling, wood floor, and two storage closets to hold every kind of equipment. If that wasn't spectacular enough there is an indoor pool, spa room and elevator. This custom home was built with incredible detail to host family and friends for every season of life.
