Single Family 1402 SQFT 3 Beds 3 Baths 1 Car 0.14 Acre

PROPERTY DETAILS

Quaint and quiet home nestled in a beautiful neighborhood in Englewood. This home features 3 bedrooms, 3 bathrooms, and a 1 car garage. Your breath will be taken away from the moment you enter the front door. From that point, you have a grand view of the dining area with fireplace, an open updated kitchen, and a large living/family room. The kitchen was nicely updated in 2020 with white cabinets, black Arabian Night granite with a honed finish, and stainless steel appliances. Two of the bathrooms have also been updated. Living room was remodeled in 2023. Lots of new interior paint. Gleaming hardwood floors really compliment the whole main level. Downstairs, you will find a non-conforming bedroom and 3/4 bath. Property sits on top of a hill and you have great views of the mountains. Light rail is just a few blocks away, as well as the Englewood Rec Center, Belleview Park, and Jason Park. Great access to the mountains via 285. Englewood also has five brand new elementary schools, and a newer middle/high school. Stop by and take a closer look.
