Nestled in the exclusive Upper Bear Creek area of Evergreen, this historic gated retreat offers a slice of Colorado magic. Built in 1950 by the "Baroness of Cadillac Canyon," its floor-to-ceiling windows provide stunning views of snow-capped peaks, while the mid-century modern design harmonizes with nature. Enjoy the crisp mountain air and serenity just minutes from Evergreen Lake, hiking trails, and downtown shops and restaurants. This rare home is perfect for adventure or relaxation, only a short drive from Denver and ski areas. Priced below a February 2025 appraisal, this is your chance to own a true Colorado retreat.
