## PROPERTY DETAILS

Homes in this late '90s foothill subdivision rarely hit the market and sell quickly. This one features an incredible chef's kitchen and beautiful hardwood floors on the main level, with newer carpeting upstairs and in the walk-out basement. Breathtaking views of Table Mountain are visible from every level, especially the primary suite. Soccer fans will love the memorabilia in the main-floor study! Note: the seller won't be at the open house on Saturday, May 24th.
