PROPERTY DETAILS

Perfectly located near Central Park, this well-maintained 2-story home features new carpet, granite countertops in the kitchen, and new tile in upstairs bathrooms. It has 4 bedrooms and a loft upstairs, with a master suite that includes 2 closets, a fireplace, and a luxurious bath. One guest room has a private bath, while the other 2 bedrooms share a full bath with double vanities. The main floor includes a formal living and dining room, a study with French doors, a laundry room, and a kitchen that opens to the breakfast nook and family room. A slider leads to a large patio, basketball court, and spacious yard. The finished basement offers a second family room, bar area, and an exercise room that could serve as a 5th bedroom. A great family home in a prime location!
