PROPERTY DETAILS

This one of a kind custom residence is brimming with quality and high-end elegance throughout. Over 3,500 sq feet finished in this incredible home perfect for living, relaxing, and entertaining with a walk-out basement and backing to the 9th hole at Highland Hills golf course. As you walk through this home you will see the quality in every room from beautiful prefinished wood floors, crown molding, 7" baseboards, chandeliers, custom wall texture, and elegant bathrooms. Retreat to the Primary bedroom where it boasts an en-suite with walk-in closet and luxurious bathroom. Kitchen has granite counters, induction Wolf cooktop, SS appliances including espresso maker, wine fridge, and Sub-Zero fridge. Off the kitchen is a Butler's pantry or could be an office. The walk out basement comes with two bedrooms, 3/4 bath, 14 x 28 family room, and wet bar with 4 burner cooktop and indoor grill. Step outside to an over 300 sq ft deck and covered patio below. Additional patio on the south side. Property also includes paid solar. You'll have views from both of the golf course and the mountains with amazing sunsets. This home also comes with a one year Home Warranty with First American.
