PROPERTY DETAILS

Nestled on nearly an acre amid mature trees and the Colorado sky, this custom 5-bedroom, 4-bath home offers an extraordinary living experience. An extended driveway and oversized three-car garage lead to a spacious deck. The main level features soaring ceilings, rich maple and cherry accents, and a vaulted living room with a marble-surround gas fireplace. Bright windows and skylights illuminate the dining area, which flows seamlessly to the upper deck. The chef's kitchen boasts Aurora Borealis granite, custom cabinetry, and a generous island. Upstairs, the primary suite includes a luxurious en suite and walk-in closet. The lower level adds two more bedrooms, a full bath, and a cozy family room with a marble fireplace. The backyard features a refinished redwood deck and lush landscaping, with trails and open space nearby, just minutes from Niwot and Gunbarrel, and Boulder.
