PROPERTY DETAILS

Discover a unique Denver lifestyle in the desirable Lowry neighborhood, offering a blend of privacy and connectivity. This home features two large yards, a welcoming front porch, and an open layout that merges indoor and outdoor living. It includes a 3-car garage and low-maintenance stucco exterior with a concrete tile roof, plus an owned solar system for energy efficiency. Inside, enjoy 10' ceilings, rich walnut floors, and cherry cabinetry. The flexible main floor can serve as extra bedrooms or offices, while the gourmet kitchen features a large island, gourmet appliances and Caesarstone countertops. The bright primary suite upstairs includes a five-piece bath and walk-in closet. The basement offers 9' ceilings and natural light, perfect for future expansion.

Lowry amenities are nearby, including shops, parks, and schools, making it an ideal location for families. Easy commute to Cherry Creek, Denver Downtown, Anschutz Medical Center and other business hubs.
