PROPERTY DETAILS

Forget the “pretty mountain house with no storage.” This one actually works. 4 beds, 2 baths, open floor plan, hickory wood and LVP floors, stainless appliances, rare AC in the mountains and a kitchen island you can actually cook and hang out around. Then you walk outside and get it: a big trek deck in the trees, sunset views, a fenced yard, and a huge oversized 4-car garage that’ll swallow cars, tools, toys, and whatever else you’ve been parking in the driveway. You’re in Black Mountain Ranch Estates in Conifer—pines, aspens, privacy—without being an hour from groceries. Hwy 285, Maxwell Falls, Flying J Ranch, and Conifer amenities are right there. Deck life. Real garage space. Room to breathe. Come see it before someone else claims the sunset. Schedule your private tour today. Septic rated for 3 bedrooms, suitable for 6 people.
